|               |                    |
|---------------|--------------------|
| Color         | Aluminium anodised |
| Dimensions    |                    |
| Dimension (L) | 28 mm              |
| Dimension (L) | 1.102 in.          |
| Dimension     | Ø 46 mm            |

### Materials and material properties

|                                      |                |
|--------------------------------------|----------------|
| Material - Protective housing        | Al (Aluminium) |
| Material - Protective housing finish | anodized       |
| RoHS                                 | yes            |

### Classifications

|           |          |
|-----------|----------|
| ETIM 7.0  | EC000444 |
| ETIM 8.0  | EC000444 |
| ETIM 9.0  | EC000444 |
| ETIM 10.0 | EC000444 |

### Packing details

|                   |                       |
|-------------------|-----------------------|
| Type of packaging | 1 pc(s) / plastic bag |
|-------------------|-----------------------|

### Notes

|                     |   |
|---------------------|---|
| Safety instructions | The rated voltage of the installed components shouldn't increase over 50 VAC or 75 VDC. |
|---------------------|---|

### Application note

This product is a standard product of METZ CONNECT. METZ CONNECT is not aware of the specific intended use of the goods by the Customer or any customers of the Customer. The Customer guarantees that it has fully and sufficiently tested the use of the goods and any product modifications, product changes or product enhancements with regard to the specific intended use in accordance with the state of the art or in any other way. At METZ CONNECT's request, the Customer shall submit and make available meaningful evidence (e.g. test and laboratory protocols, certifications, etc.).
